- FITS MEN & WOMEN

ISO-9001
 MANUFACTURED IN A
 QUALITY SYSTEM CERTIFIED
 FACILITY.

**ALL TYPES ARE
 DOUBLE PLY!**

THREE MATERIAL TYPES:

- I: MADE OF DUPONT KEVLAR®. COLOR, YELLOW.
- II: MADE FROM 100% COTTON YARN. COLOR, WHITE.
- III: MADE OF DUPONT KEVLAR® AND 100% COTTON YARN. COLOR, YELLOW

TYPE I:

PPE Arm Protective Sleeves are made from Dupont's Kevlar® Aramid Fibers. This cut and burn resistant fiber offers tremendous safety margins for molding machine operators working around hot molds, barrels, molded parts, heater bands, etc. Kevlar feels and handles like cotton but performs like steel. It is comfortable, reasonably light weight, washable and highly laceration resistant.

TYPE II:

We now offer a lower cost high quality 100% cotton sleeve for lighter duty applications.

TYPE III:

A combination of Kevlar® outer shell with a 100% cotton lining to absorb perspiration keeping arms cool and dry all day.

ILLUSTRATED 12" LONG SLEEVES

ILLUSTRATED 18" LONG SLEEVES

All types come plain or with thumb and finger holes for extra protection for knuckles and palms plus thumb hole keeps sleeve from riding up your arm. 18" & 24" models only.
