

DRUM AND GAYLORD DUST COVERS

KEEPS MATERIALS FREE OF CONTAMINANTS

SUPERIOR QUALITY • GOOD PRICES

PPE Drum and Gaylord Covers help prevent material contamination. They are constructed of breathable polyester spandex, which allows for air movement as the material is transferred in or out of the container. They feature a clear vinyl panel that also allows a visual check of the material level. All Gaylord models include elastic bands and 1" straps around the skirt of the cover and elastic around the port openings to maintain tight seal. Zippers on the port openings allow them to stay closed while not in use. Custom sizes, colors and configurations are available to order, please inquire. Drum models have a draw cord.

SINGLE PORT DRUM COVER

For 20", 22" and 24" diameter drums. Single port opening is available in 2 expandable port sizes. Includes draw cord for a secure fit.
