PPE Drum and Gaylord Covers help prevent material contamination. They are constructed of tan breathable polyester spandex, which allows for air movement as the material is transferred in or out of the container. They feature a clear vinyl panel that also allows a visual check of the material level. All Gaylord models include elastic bands and 1" straps around the black skirt of the cover and elastic around the port openings to maintain a tight seal. Zippers on the port openings allow them to stay closed while not in use. Custom sizes and configurations are available to order, please inquire. Drum models have a draw cord.

**GAYLORD DUST COVERS**

**KEEPS MATERIALS FREE OF CONTAMINANTS**

**SUPERIOR QUALITY • GOOD PRICES • MORE SIZES**

**SINGLE PORT GAYLORD COVERS**

**(POSITIVE PRESSURE)**

The centrally located single port opening is available in 3 expandable port sizes for either drawing or loading material.

"1" Strap included.
