

PROTECTIVE SAFETY GLASSES

LOW-COST SAFETY EYEWEAR

Features

- Wraparound design increases wearer protection. Can be worn with other protective equipment.
- One-piece lens eliminates the chance of a lens popping out on impact and reduces the optical imbalances of two-lens eyewear.
- Temple design holds by gently wrapping around the back of the head, rather than hooking over the ears. Does not slip, even on very active jobs.
- Appealing look increases wearer acceptance.
- Made of high impact polycarbonate to increase wearer protection.
- Vented, sideshields allow air to flow and reduces heat buildup and lens fogging.
- Scratch-resistance extends the life of the eyewear.
- Lightweight of only 1.5 oz. increases user comfort.
- 4-post hinge system increases wearer protection by offering twice as many contact points to disperse impact force.
- One size reduces cost of inventory and makes ordering easy.

**GREAT FOR VISITORS,
TEMPORARY WORKERS
OR EVERYDAY USE**

Meets or exceeds performance requirements of protective spectacles which comply with ANSI Z87.1 and CSA 294.3 standards.

ULTRA-SOFT PERFORATED GOGGLES

Ultra-soft, perforated vinyl frame goggles offer maximum ventilation without sacrificing safety protection. Our injection molded polycarbonate lenses feature superior clarity and protection against dust, splashes and other potential irritants. They are designed to fit over prescription glasses. Special side ultra soft vinyl will not irritate sensitive skin. Meets ANSI Z87.1 specifications.

Features

- Ultra-soft vinyl nonirritating frame for added comfort.
- Maximum ventilation.
- Clear polycarbonate impact resistant lenses.
- Meets ANSI Z87.1 specifications.
- Protects against flying particles and dust.
- Fits over prescription glasses (packed 100 per carton).

**Meets
ANSI Z87.1+
Standards**
