

# VERSA-BURR DEFLASHING TOOLS

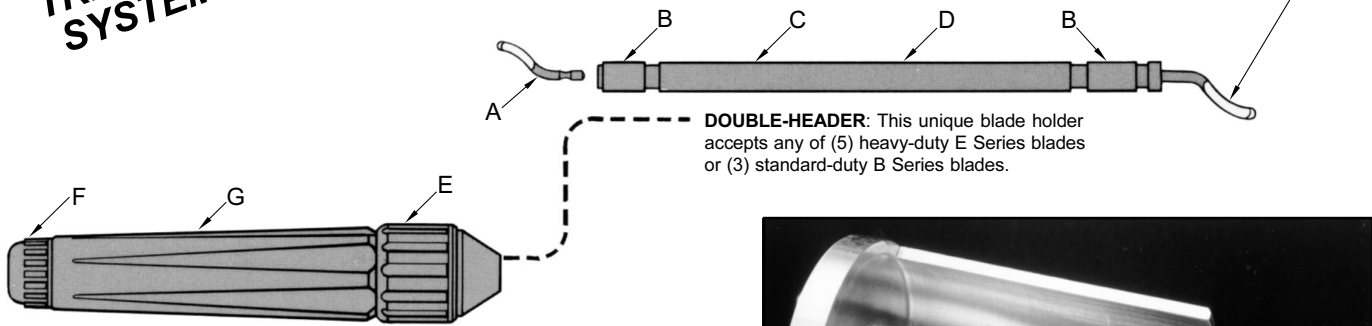

FOR QUICK EASY DEFLASHING OR DEBURRING OF  
PLASTICS – ALUMINUM – BRASS – CAST IRON – STEEL

**UNIQUE TRIMMING SYSTEM!**

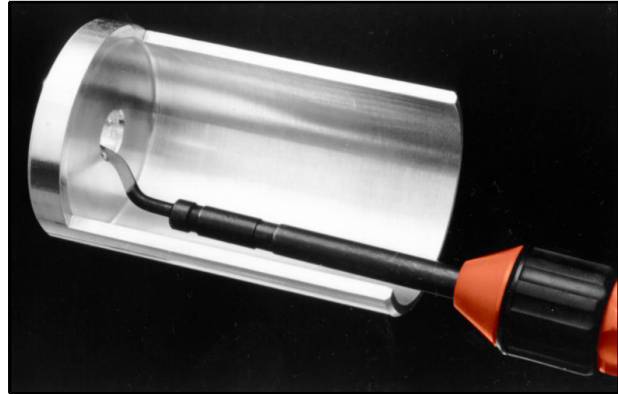

THIS END ACCEPTS STANDARD DUTY B SERIES BLADES .100 SHANK DIA.

THIS END ACCEPTS HEAVY DUTY E SERIES BLADES .127 SHANK DIA.

DOUBLE-HEADER TELESCOPING BLADE HOLDER

**DOUBLE-HEADER:** This unique blade holder accepts any of (5) heavy-duty E Series blades or (3) standard-duty B Series blades.

SHAFT EXTENDS FOR DEEP HOLE TRIMMING

## – FEATURES –

- A. BLADE SWIVEL 360°.
- B. QUICK DISCONNECT SOCKET BLADE HOLDER.
- C. ARM LENGTH EXTENDS FROM 1" TO 4 1/2".
- D. DOUBLE-HEADER BLADE HOLDER REVERSES IN HANDLE. OPEN END HOLDS B SERIES BLADES, THE OTHER END E SERIES.
- E. TWIST TYPE LOCKING COLLET.
- F. BLADES STORE IN HANDLE.
- G. MOLDED PLASTIC HANDLE, LIFETIME REPLACEMENT GUARANTEE BY PPE.

## VERSA-BURR DOUBLE-HEADER

The PPE Versa-Burr is an improved tool from our original rout-a-burr tool that has been so popular for trimming plastic parts. We cannot adequately describe how well this trimming tool performs. It does a fantastic job cutting the exact amount of material from a molded part. The cut will vary by the amount of pressure applied by the user. There are a variety of cutting blades for different applications.

### VB22105

Includes handle, one B10 blade, one B20 blade, and a Double-Header telescoping blade holder.

PART NO.	DESCRIPTION	PRICES	
		1-11	12+
VB22105	Double-Header Versa-Burr w/2 Blades	\$9.60	\$9.15
