THE Smaller HEATED GATE CUTTER FOR Heat Sealed cuts

FEATURES & SPECIFICATIONS
• 100 to 350°F Cutting Edge Temperature
• Lower Initial Cost
• Lower Replacement Cutter Cost
• Precise Pivot for Better Blade Alignment
• Cutter Can be Resharpened
• Heat Block is Replaceable
• Smaller Cutting Head than Competing Models
• Uses Higher Wattage 1/4” Dia. Heaters
• Swaged-in Stainless braid lead
• Head Width 3/4” x 1/4” High
• Flat Back for Flush Cuts
• Hot Blades Cut Easier
• Heat Seals Cuts
• Eliminates Cut Cracks
• Foam Insulated grips
  (We suggest you wear a glove for protection when you use this hot cutter)

MODEL HGC-K45
HEATED GATE CUTTER KIT
$159.00

REPLACEMENT GATE CUTTER
MODEL HGC-45
ONLY
$27.90

The Model HGC-K45 is a lower cost answer to trimming problems that require a heated gate cutter. However, this cutter is not as effective or efficient as our larger Model HGC-K10 due to the location of the heater blocks which are fastened directly on the cutting blades. This permits better heat transfer, higher temperatures and thus more effective cutting.

CAUTION: USE HIGH TEMPERATURE GLOVES WHEN USING A PPE HEATED GATE CUTTER!
