**PROTECTS HANDS FROM CUTTING AND TRIMMING ACCIDENTS**

Cotton, canvas, terry and leather gloves are no match for our unique Cut-Resistant Glove. This high technology product is constructed with a blend of nylon and stainless steel cord to produce a MAXIMUM strength glove in cut and slash protection without sacrificing the manual dexterity workers need to perform their jobs.

The Cut-Resistant Glove is a long-wearing, comfortable glove that offers a new level of protection against cutting hazards without the high cost of metal mesh. This exceptional, low cost glove also meets USDA and FDA standards for food handling applications and comes with a standard-extended safety cuff to protect worker's wrists. The Cut-Resistant Glove will realistically save you countless dollars annually by reducing injuries, downtime and medical expenses.

PART NO.	SIZE	DESCRIPTION	FINGER TYPE	PRICE PER GLOVE
