

COHESIVE GAUZE FINGER SAFETY TAPE

PROTECTS SKIN - IMPROVES GRIP - ELIMINATES GLOVES

VERY COMFORTABLE - SELF-ADHERING

4 COLORS
NOW AVAILABLE

THE ORIGINAL COHESIVE GAUZE

WHAT IS IT?:

Cohesive Gauze Safety Tape is a self-adhering gauze tape. It is surgical gauze with natural rubber particles dispersed in it. There is nothing else.

It will stick only to itself. It will not stick to anything else - hair, skin, clothing. It is not adhesive. It is dry to the touch.

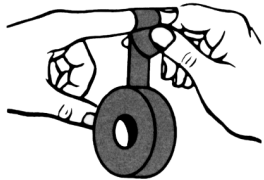

Cohesive Gauze Safety Tape is a new concept in the protection of fingers, hands, wrists, etc., from damage or injury in many industrial operations.

Cohesive Gauze Safety Tape is quickly and easily applied - and easy to remove. It is light and comfortable. It is open meshed and allows the skin to breathe. It cannot cause maceration.

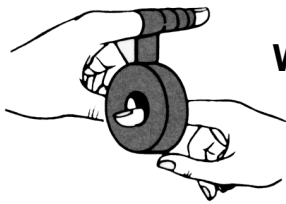

Cohesive Gauze Safety tape readily conforms to the contours of the fingers and hands without awkward corners or bulges. When removed, it leaves no sticky residue or color stain.

Fingers wrapped in comfortable Cohesive Gauze Safety Tape retain their natural "feel" - their easy flexibility

WHEN APPLYING COHESIVE GAUZE

FIRST
LOCK IT...

THEN
WRAP IT

For handling hot plastic molded parts. Eliminates the need for wearing gloves.	For handling slippery or sharp edged materials. Safety Tape improves grip and avoids cuts.

APPLIES EASILY AND LASTS ALL DAY.

NOTE: Keep open rolls wrapped to prevent adhesive from drying out.
