

# 3M DUST/PARTICULATE RESPIRATORS

## #8210 Particulate Respirator (replaces old model #8710)

### 8210 N95 Particulate Respirator

The lightweight construction of this high quality, economical respirator provides exceptional worker comfort. Adjustable metal noseclip helps provide a secure seal and a custom fit. Breathing is easier and cooler because of Advanced Electret Media (electrostatically-charged microfibers in the construction). Comes with two fixed elastic straps. NIOSH 42 CFR 84 classification of N95, (95% efficient, not resistant to oil). Disposable.

**3M Quality  
you can  
depend on!**

## #8511 Dust/Mist Respirator (replaces old model #8715)

### 8511 N95 Particulate Respirator

Comfortable and durable the 8511 is a favorite among workers. The adjustable metal noseclip provides a secure face seal and reduces potential for eyewear fogging. 3M's Cool Flow™ Exhalation Valve helps reduce heat and humidity. The electrostatically-charged microfibers of the Advanced Electret Media make breathing easier and cooler. Features two fixed elastic straps for a snug fit. NIOSH 42 CFR 84 classification of N95, (95% efficient, not resistant to oil).

**Exhalation valve  
keeps your face  
cooler and dry!**
