

UTILISHELF®

PORTABLE MAGNETIC UTILITY SHELVES

MADE IN

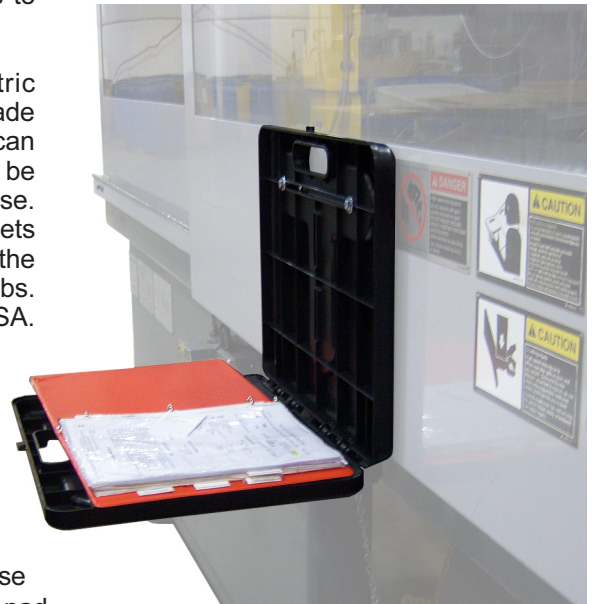

U.S.A.

The UtiliShelf® provides a universal utility shelf for work on virtually anything you may be working on since the UtiliShelf® is able to attach itself to anything metal. You can set your tools on it while working or use it for a portable lunch table, to hold various items such as; nuts, bolts, fittings and connectors to name a few by use of the compartments integrated in the design.

The UtiliShelf® Model 1701 is made of durable lightweight dielectric polypropylene plastic. The UtiliShelf® Model 1706 is made of Military Grade PC/ABS Plastic that is high impact, shock & scratch resistant. Both can withstand harmful UV rays, and the elements. They are made so they can be folded up for easy storage and stand just like a briefcase when not in use. They mount by means of 2 or 3 single directional 50 lb pull cup magnets which will not harm a laptop computer. They are shielded from the unit by the cup. The Model 1701 holds up to 15lbs and the Model 1706 hold up to 40lbs. They are very durable for any work site. UtiliShelf® is 100% Made in the USA.

2 MODELS
