

# ELEMENT™ SAFETY GLASSES

**LIGHTWEIGHT • COMFORTABLE • ECONOMICAL**

The Element™ is super cool and incredibly light. Weighing less than one ounce, Element™ is extremely comfortable and low-cost protective eyewear that offers excellent all-around impact protection. Revolutionary in its design...The sleek and compact Element™ is unmatched for ultra lightweight wearability; superior optical quality; and its comfortable, snug-fitting, wrap-around body provides improved impact protection around the eyes. The deep, universal-fit temples provide side protection and the hardcoated, polycarbonate lenses are scratch-resistant and filter out more than 99.9% of harmful UV-A and UV-B light.

**Filters out 99.9% of harmful UV-A & UV-B light.**

**BASE CURVE 9.5**

### Features

- Snug and comfortable fit. Tight fit helps minimize slippage and provides full brow protection.
- Deep, universal-fit temples provide side protection equal to that of eyewear with large sideshields.
- Filters out 99.9% of harmful UV-A & UV-B light.
- Meets ANSI Z87.1+ Standards.
- Incredibly light, all-around impact protection.
- Indoor/Outdoor (light-tint) type allows safety glasses to be used for many applications.
- Popular design resembles sunglasses; men and women love the style, helping to ensure worker compliance.
- Scratch-resistant, hardcoated 100% polycarbonate lenses.
- Light blue lenses are designed to increase contrast and reduce eye strain in sodium vapor lighting.

| PART NO. | LENS TYPE        | PRICES |        |
|----------|------------------|--------|--------|
|          |                  | 1-11   | 12+    |
| SL4680   | Clear            | \$1.85 | \$1.75 |
