

MINIATURE DIAMOND FILES FOR HAND OR MACHINE USE

PPE Miniature Diamond Files are intended for Machine or Hand use. They will fit all High Speed reciprocating Hand Piece, Air Powered, Flexible Shaft, or new Ultrasonic Machines.

They are manufactured from the finest man made diamond, selectively graded for uniformity and attached to their steel cores with ultra high concentration of diamond grains. The two grits available are 120/140-medium, and 170/200-fine.

Their use is broad, from precision deburring, to polishing of Molds and carbide Dies.

PICTURE	FILE CROSS SECTION	SURFACE SIZE APPROX. INCH	SHANK DIA.	PART NO. AND GRIT		PRICE EACH
