

#919 HOSE SWIVEL ADAPTORS

WITH 30° SEAT

ISO-9001

MANUFACTURED IN A
QUALITY SYSTEM CERTIFIED
FACILITY.

Female pipe swivel adaptors are designed to prevent hose stress due to twisting during assembly, and to reduce the need for a variety of hose fittings. The female swivel end of these adaptors is a straight pipe thread (NPSM) with a 30° seat. All male pipe fittings that are used with these female pipe swivel adaptors, must have a 30° seat in order to affect a proper seal. All PPE pipe swivel adaptors contain this 30° seat. These adaptors conform to SAE J516 and are Zinc Plated Steel.

0107 MALE PIPE ADAPTOR

SAE 140130

Male Pipe (NPTF) - Female Pipe Swivel (NPSM)
