

CABLE CROSSCHECKER[®]

HOT RUNNER CABLE TESTER

The Cable Crosschecker[®] makes testing hot runner cables quick and easy. Simply connect your power or thermocouple cable and press auto test. The microprocessor design tests the cable automatically and displays the results in seconds. Use it to identify bad cables, make repairs or build new ones. Thermocouple cables are tested for opens, shorts and reversed thermocouples. The Cable Crosschecker[®] also includes continuity tester & wire finder functions.

- Tests 5, 8 & 12 zone power & thermocouple cables.
- Includes connectors for both 25-pin, 3 row power cables and 24-pin, 2 row cables, (mainframe side).
- One button testing. Push a single button and see the results in seconds.
- Continuity test function and leads included.
- Test thermocouple cables for: opens, shorts, and reversed thermocouples.
- Wire finder function to check for shorts & incorrect wiring.
- Custom connectors available to special order.
- Dimensions: 11" x 10" x 8"
- Weight: 10.5 lbs.
- 2 Year Warranty
