

EZ PURGE®

CONCENTRATED CHEMICAL PURGING LIQUID

3 FORMULAS FOR 3 LEVELS OF CLEANING STANDARD, HEAVY AND SUPER DUTY

ISO 9001

MANUFACTURED IN A
QUALITY SYSTEM CERTIFIED
FACILITY.

- Meets all safety requirements. No Hazardous Chemicals.
- Non-Toxic.
- No Odors.
- Non-Flammable.
- Non-Abrasive.
- Quick & Cost Saving.
- Regular maintenance reduces machine down time.
- Remove unwanted resins.
- 1 Quart (32 fl. oz.) Container. They're easy to handle during use.
- Instructions printed on each container.
- You can leave it in your barrel indefinitely with no danger of corrosive action.

**PROVEN RESULTS FROM
CUSTOMER TESTING**

EZ PURGE® was developed to be a quick, cost saving method of cleaning injection and blow molding machines and also film and sheet extruders of unwanted resins and burnt polymers without the use of costly special purging compounds. **EZ PURGE®** can eliminate the pulling of screws and related down time with a weekly maintenance cleaning program.

EZ PURGE® is a stable, non-toxic, non-flammable, non-abrasive liquid that meets all safety requirements.

Easy to use – the same amount is always added the same way to almost any resin processed. In the barrel it acts as a wetting agent, penetrating between unwanted resins and metal parts allowing the carrier resin to lift them off and carry them out the nozzle and die.

3 FORMULAS:

Standard Duty Formula: (Green Label)

For basic purging of most general purpose materials like polyethylene, polypropylene, etc.

HEAVY Duty Formula: (Blue Label)

For use on more complicated equipment designs, more resin or color changes and longer production runs. Works well for cleaning polyethylene, polypropylene, polyesters, nylon etc.

SUPER Duty Formula: (Red Label)

For use on your most difficult applications requiring a tough cleaner. Works well for cleaning P.V.C., nylon, polycarbonate, etc.

**EACH QUART MIXES WITH
OVER 100 LBS. OF YOUR
PLASTIC MATERIAL.**

PART NO.	DESCRIPTION	SIZE	QUANTITY PRICES	
			1-5	6+
