

FASTER SHUT-OFF CHECK RING VALVES

IMPROVED SCREW TIP DESIGN FOR BETTER SHOT CONTROL

- **FASTER SHUT-OFF ON INJECTION:**

The deep fluted ring valve design features a shortened ring travel with larger flow areas. This offers more precise shot size control than standard general purpose designs.

- **WEAR RESISTANT:**

This 3 piece ring valve is made of high quality H-13 steel heat treated.

- **SHORTER RING TRAVEL WITH LESS SHEAR:**

The material flow patterns of this valve have been designed to allow smooth flow without increasing the chances of shear.

- **IDEAL FOR MIXING:**

This slightly restricted design improves material and color mixing.
