Minimum Requirements

See section 8 for details

Emergency Overview

Physical State: Liquid
Color: Creamy White
Odor: Odorless

Not expected to present any hazards under anticipated conditions of use.
Spills may create a slipping hazard.

Section 1: Identification

Trade Name: PurgePacks™ **Technical Contact:** 216-367-7000
Product Number: PP10xxx
CAS#: N/A

Section 2: Composition

These products contain NO HAZARDOUS INGREDIENTS. Components are withheld as TRADE SECRETS. All ingredients are certified to be fully compliant with FDA regulations at 21 CFR 174-178 and 186.

Section 3: Hazards Identification

Also see Emergency Overview and Hazard Ratings on the top of page 1 of this MSDS.

Major Route(s) of Entry: Not Applicable

Signs and Symptoms of Acute Exposure

Inhalation: No significant adverse health effects are expected to occur upon short-term exposure.
Eye Contact: Minimal eye irritation may result from short-term contact with liquid, mist and/or vapors.
Skin Contact: No significant irritation is expected to occur upon short-term exposure.
Ingestion: If swallowed, no significant adverse health effects are anticipated. Ingestion may cause a Laxative effect.
Chronic Health Effects: No significant signs of symptoms indicate any adverse health effects are expected to occur.
Conditions Aggravated By Exposure: None known.
Target Organs: No target organ effects are anticipated.
Carcinogenic Potential: This product does not contain any components at concentrations above 0.1%, which are considered carcinogenic by OSHA, IARC or NTP.

Section 4: First Aid Measures

Inhalation: Vaporization is not expected at ambient temperatures. This material is not expected to cause inhalation-related disorders under anticipated conditions of use. In case of overexposure, move the person to fresh air.
Eye Contact: Check for and remove contact lenses. Flush eyes with cool, clean, low-pressure water while occasionally lifting and lowering eyelids. Seek medical attention if excessive tearing, redness, or pain persists.
Skin Contact: Remove contaminated shoes and clothing. Wipe off excess material. Wash exposed skin with mild soap and water. Seek medical attention if tissue appears damaged or if pain or irritation persists. Thoroughly clean contaminated clothing before use. Discard contaminated leather goods. If material is injected under the skin, seek medical attention immediately.
Ingestion: Do not induce vomiting unless directed to by a physician. Do not give anything to drink unless directed to by a physician. Never give anything by mouth to a person who is not fully conscious. If significant amounts are swallowed or irritation or discomfort occurs, seek medical attention immediately.

Section 5: Fire Fighting Measures

NFPA Flammability Classification: NFPA Class-IIIB combustible material. Slightly combustible.
Flash Point: No Data
Lower Flammability Level: No Data
Upper Flammability Level: No Data
Autoignition Temperature: No Data
Hazardous Combustion Products: Carbon Dioxide, smoke, fumes, and unburned hydrocarbons.
Special Properties: This material can burn but will not readily ignite.
Extinguishing Media: Use dry chemical, foam, Carbon Dioxide or water fog.

Section 6: Accidental Release Measures

Do not touch damaged containers or spilled material unless wearing appropriate protective wear.
Slipping Hazard, do not walk through spilled material.
For spills, absorb or cover with dry earth, sand, or other inert non-combustible absorbent.
Prevent entry into waterways or sewer.

Section 7: Handling and Storage

Handling: Avoid water contamination and extreme temperatures to minimize product degradation.
Storage: Do not store at temperatures above 120° F or in direct sunlight for extended periods of time.

Section 8: Exposure Controls and Personal Protection

Personal Protection: Personal protective equipment should be selected based on the conditions under which this material is used. Minimal requirements for personal protective equipment.
Eye Protection: Safety glasses should be adequate protection under most conditions of use.
Hand Protection: Use necessary gloves for situational use.
Body Protection: None required under normal use situations.
Respiratory: None required under normal use situations.

Section 9: Physical and Chemical Properties

Physical State:	Liquid	Color:	Creamy White	Odor:	Odorless
Weight Per Gallon:	8.975	pH:	N/A		
Boiling Point:	N/A				
Melt/Freezing Point:	N/A				
Solubility in Water:	Insoluble				

Section 10: Stability and Reactivity

Chemical Stability: Stable
Conditions to Avoid: Keep away from extreme heat, sparks, open flame, and strong oxidizing conditions.
Hazardous Polymerization: Not expected to occur.
Materials Incompatibility: None Known.

Section 11: Toxicological Information

No hazardous components identified under classification

Section 12: Disposal Considerations

Although this material is not classified as hazardous in its original form, it is the responsibility of the user to determine the proper storage, transportation, treatment and/or disposal. State and/or local regulatory departments should be consulted.

Section 13: Transport Information

DOT Status: Not a U.S. Department of Transportation regulated material.
Proper Shipping Name: Not Regulated
Hazard Class: Not Regulated
Placards: None Required

Disclaimer of Liability

The information in this MSDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, expressed or implied regarding its correctness. Some information presented and conclusions drawn herein are from sources other than direct test data on the substance itself. This MSDS was prepared and is to be used only for this product.

The conditions or methods of handling, storage, use, and disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage, or expense arising out of or in any way connected with handling, storage, use or disposal of the product.
