

# DRUM VAC™ PNEUMATIC REVERSIBLE DRUM PUMP

The compressed air operated Reversible Drum Vac System attaches quickly to any closed head 55 gallon drum. Its compressed air powered vacuum fills the 55 gallon drum in less than two minutes. With the simple turn of a knob, the same stainless steel drum pump quickly empties the drum. The Reversible Drum Vac does not use electricity and has no moving parts, assuring maintenance free operation. An automatic safety shutoff valve prevents spills or overfilling.

## ADVANTAGES:

- No moving parts
- Maintenance free
- Safe - no electricity
- Compact and portable
- Installs quickly
- Stainless steel construction
- Built-in pressure/vacuum relief
- Spill free - auto safety shutoff
- Fits 55 gal. closed head drums

(drum not included)

## What is the Drum Vac?

A safe, maintenance free way to recover:

- Coolant
- Hydraulic oils
- Liquid spills
- Sludge & chips
- Tramp oil
- Waste water
