MOVINCOOL®

The #1 Spot Cooling Solution

When heat is rough on production, MovinCool smoothes things out.

CLIMATE PRO X SERIES

The cooler choice for your factory or warehouse.

The Climate Pro X Series brings advanced spot-cooling to industrial and commercial applications - perfect for cooling people and production processes.

- Air-cooled units from 13,200 to 24,000 Btu/h to handle temps as high as 113°F.
- Three-speed fan and adjustable nozzles for versatile cooling comfort.
- Digital controls and auto operation for 24/7 programmable back-up of central systems.
- Effective moisture removal, hastens drying of humid areas.

Ideal for . . .

- Injection Molding
- Robotics and Automated Processes
- Factory and Warehouse
- Assembly Lines
- Process Cooling
- CNC Machines
- Moisture Removal

MovinCool spot air conditioners cool processes, people and equipment in industrial applications, resulting in increased productivity.

- Spot cool without the huge expense of air conditioning an entire facility.
- Quickly cool products in hot and humid manufacturing processes, preventing product defects.
- Cool employees to reduce the risk of human error or worker disability due to heat exhaustion.
- Cool heat-sensitive equipment to reduce downtime and prevent premature failure or costly damage.
- MovinCool units do not add moisture to the environment and are used for effective moisture removal.

3 YEAR WARRANTY
(Unit must be registered at movincool.com)

Applications

- Production Line Cooling - Multi-station cooling in large spaces. Efficient, direct cooling of personnel in production line or warehouse environments.
- Equipment Cooling - Reduce downtime, improve productivity and prevent premature failure of mission-critical, heat-sensitive equipment.
- Process Cooling - MovinCool spot air conditioners bring cooling directly to heat-sensitive operations, to increase productivity by reducing cycle times and scrap.
- People Cooling - Reduce heat stress and fatigue while increasing productivity.
